### SCIENCE

**Science Glossary**  
Science Terms

A glossary of scientific terms and short biographies that support our science education website.

**Mitosis**  
Exploration of mitosis

Mitosis: An interactive learning experience  
How do cells divide to grow new hair, repair your skin, or strengthen your bones? Mitosis walks you through the process of cell division, and explains everything that happens along the way. You'll usher cells through mitosis with your fingers, learning about what happens in each phase of the process. You can also look at images of actual cells dividing under a microscope and see the actual structures you've studied.

These Apps will be available for each student to download in mid January 2018
